

Maritime Cluster Fund (MCF) - Productivity

by Maritime and Port Authority of Singapore (MPA)

Brief description

- MCF-Productivity aims to improve the productivity of maritime companies by enhancing business processes; or by developing and adopting technology solutions
- Qualifying projects will receive up to **90% of co-funding** from MPA for eligible expenses such as:
 - Professional Services (e.g. consultancy, software development and customisation, user training, accreditation costs)
 - Hardware (e.g. purchase price and costs related to implementation of specialised hardware)
 - Software (e.g. subscription costs and licensing of specialised software)
 - In-house manpower (basic salaries for up to 2 full-time staff working on in-house projects) will be considered on a case-by-case basis
